

The Boy Scout program serves boys of all ages. For those Cub Scouts who are just starting the program, having a Boy Scout a few years older to work with and look up to can really help out. The Den Chief program serves this need. The Boy Scout works with the adult Den Leader to help the Cub Scouts grow and learn.

Training for this position is offered at Cub Pow Wow each year. The training syllabus is available at the Scout Shop (Item # 34450).
